BOND SALE

Handsome Premium Realized on the Sewer Bonds

The sale of \$12,000 worth of city bonds took place in the Mayor's office yesterday afternoon in the presence of the City Council, as advertised.

After spirited bidding by Messrs. J. Foster Barbour, Mr. John Duley and Mr. Roger Devine of this city and Mr. Victor Chambers of Cincinnati, they were awarded to the Bank of Maysville at \$12,500.

This is the largest premium ever received by the city for her bonds, and that, too, at a lower rate of interest.

Heretofore she has been compelled to pay interest at the rate of 5 and 6%; the bonds sold yesterday bear only 4%.

This certainly speaks well for Maysville as well as those in authority who have so wisely and safely conducted her affairs.

The indebtedness today, counting the bonds sold yesterday, is \$70,000.

The first of February that amount will be reduced by the liquidation of \$6,000, which will leave an outstanding debt of \$64,000.

It is said by those who are in position to know that the entire amount of bonds against the city are held by our own citizens.

The receipts for 1904 amounted to \$71,906.73 and the expenditures to \$66,150.09, leaving a balance on the right side of the ledger of \$5,756.64.

There are few cities the size of Maysville better fixed financially; her taxable property will reach in the neighborhood of \$3,000,000.

She has never contracted a debt that has not been paid dollar for dollar—and she has paid millions of them, too.

Maysville is a good city with good people in it.

If you are looking for a place to locate come right here. You will find no better place on earth.

Shooters of Robb Will Be Tried Monday at Vanceburg

Andy Thomas and Charles Carpenter, who gave themselves up, were taken to Vanceburg yesterday morning, and appeared before County Judge Lee, who upon their own statement committed them to Jail in default of a \$500 bond for appearance next Monday afternoon at 1 o'clock.

Judge Whitaker accompanied the two men as Counsel. Thomas acknowledges having fired the fatal shot that killed Robb, but says it was done in self-defense, claiming that they were fired upon first by Robb and his pal.

The charge against them is manslaughter.

CAT CAME BACK

A Ledger Advertisement Found the Maltese Kitten

One of Second street's most prominent business men has a bright, pretty little daughter who is the possessor of a maltese kitten, which she prizes and loves above all her possessions.

The other day kitty wandered away from her home and by so doing her little mistress suffered great grief and mental anguish thereby.

In bemoaning her loss to a neighbor he suggested the efficacy of a lost notice in the columns of THE LEDGER, and advised that she have father prepare one and have it published. The father granted the daughter's request.

The day after the advertisement appeared in the paper a youth,—if whose genius grows with his years may some day be a banker—had procured a stray feline, and stepping into the counting room of the gentleman's business place said in a matter of fact way—

"Mister, here's your cat," expecting to clinch a reward by his deception, but was somewhat crestfallen, after the man of means had discovered the fraud, replied,

"No, son, that is not the one."

Stepping on the outside the lad dropped the eat nearby.

Soon another boy saw the cat and thinking it was the one advertised picked it up and rushed in with—

"Mister, I've found your cat. Here she is."

It was another disappointment and the boy departed thinking no doubt that the world and his luck were dead against him. He, too, dropped it not far from where he had found it.

Not long afterward a business man entered with a smile on his face and the same old cat under his arm. Stepping up as though we were about to cash a check, he said with a bow and another smile—

"I've brought your cat back. I found it near my store."

"Well," said the gentleman, "this makes the third time in thirty minutes I have disownned that cat. I am much obliged for your kindness, but it is not the cat I want."

Finally the right cat was brought in by a lady residing in the West End, stating she had read the lost notice in THE LEDGER; that she bought it from a boy, and knew it was the one advertised because it was pretty and smart. The lost was at last found and received with open arms and profuse thanks.

The family circle, and especially the little daughter, made much over the kitten's return.

Harry Daly is going to lay off January 30th.

John Helton, a bachelor and soldier of the Confederacy, died at his home on White Oak, Greenup county, aged 91. He has lived alone in the same one-room house ever since discharged from the Army. He was born in Scotland.

The readers of this paper will be pleased to know that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. MORNIN!

ow d'e all do?

ee-lighted to be with you once more,
ope we'll keep right along together for
years to come.

WHATEVER the wranglers now in session at
ankfort may do, I hope they will not locate
the Capital in Maysville. She already has her
full complement of obstructionists, without the
bi-annual visits of the Legislature.

SOME of Kentucky's politicians object to pay-
ing an Architect \$40,000 for planning and
building a million-dollar Capitol, which will
require two or three years of his time. But they
think it all right to pay a fellow-politician \$80,-
000 to collect an undisputed war claim from
the Government, though it took only a few
weeks time to do it.

CERTAINLY!

If Kentucky is to have another Democratic
United States Senator,—and it looks that way
—I am for Tom PAYNTER from right now till
the last day at midnight.

TOM is a good fellow, and withal a "lucky
dog." He and Ed. DAUM are the "great un-
beaten;" besides, he is a resident of the Ninth
District, and it never has had a United States
Senator.

Just say the word, Judge, and I'll brush the
dust off that cyclone picture and make it sweep
you right into the Senate.

GOVERNOR BECKHAM and Senator BLACK-
BURN have recently been using a good deal of
newspaper space in telling the truth about each
other; but it would require a great deal more
to tell the whole story.

WHILE looking in on the recent session of
the Legislature, GREEN KELLER was sorely dis-
tressed when he saw some little 4×8 statesmen
toting an 8×12 load of responsibility. Bro.
KELLER adds that "The laws of Kentucky can
never be declared to be just until the law pre-
venting cruelty to animals is extended to in-
clude the human race, and made especially ap-
plicable to the overloading of the small politi-
cian."

THE 26,000 mill operatives of Fall River,
Mass., who went on a strike a year ago against
a reduction of 12%, have returned to work
on that basis. The settlement was effected by
the new Democratic Governor of that state,
Hon. W. L. DOUGLAS, himself one of the largest
employers of Union labor in the United States.
The only consolation the strikers have is in the
knowledge that they lost \$500,000 in wages
during the self-imposed idleness. Strikes come
high; but it seems that fool workmen must
have them.

AFTER a strike covering several months, the
strikers have arranged to buy the plant of a
Newport foundry. The owners were only too
glad to sell. It is a happy solution of the
problem. There's nothing equal to ownership
and financial responsibility and management to
convince some workmen of the injustice of their
demands. Maybe, after they put their prod-
uct on the market in competition with the
output of other manufacturers, these Newport
fellows will find out just how much they can
afford to pay for labor, and whether they will
permit the Walking Delegate to fix prices for
them.

In office and factory, shop, store or kitchen girls are at
work all over this land, and, alas! far beyond their strength.

Young women who work are especially liable to female ills. Too often
the girl is the bread winner of the family and she must toil unremitt-
ingly, no matter if her back does ache, her limbs and abdomen throb,
with dull pain and dragging sensations, and dizzy spells make her
utterly unfit for work. These are the sure signs of female irregularities
which kill beauty and youth.

Lydia E. Pinkham's Vegetable Compound

builds health and strength for all women who work and are weary. It
creates the vitality that makes work easy. From the thousands of
grateful letters written by working girls to Mrs. Pinkham we quote
the following:

DEAR MRS. PINKHAM: — I feel it my duty to tell you the good Lydia
E. Pinkham's Vegetable Compound and Blood Purifier have done for me.
Before I took them I was very nervous, had dull headaches, pains in back,
and monthlies were irregular. I had been to several doctors and they did
me no good.

Your medicine has made me well and strong, I can do most any kind of
work without complaint, and my periods are all right.

I am in better health than I ever was, and I know it is all due to your
remedies. I recommend your advice and medicine to all who suffer.

MISS ABBY F. BARROWS, Nelsonville, Athens Co., Ohio.

If American girls who work would only realize that they have but
to live, and make the most of their precious health and

pinkham extends to every working girl who is in ill health a
tion to write her for advice. Such letters are always kept
idential, and from her vast experience Mrs. Pinkham prob-
ery knowledge that will help you—and may save your life.

Messrs. Osborne, Holton, McClelland and other moving spirits in the Tobacco Growers' Combine held a meeting at the New Central Hotel yesterday to compare notes and push along the work of raising the extra ten million pounds of the weed exacted by the Eastern capitalists. They were in excellent humor and sanguine of success. Since Saturday they have signed over 500,000 pounds in this county, and reports from other parts of the district lead them to believe that the amount secured will be over the required mark by February 1st, the last day of grace.

Mason county produced last year about 7,000,000 pounds, and of that amount they claim to have signed to the Growers' Combine 5,000,000.

Thomas L. Best is reported to have bought 300,000 and Mr. Stiles has purchased about 300,000 for the American Company, leaving 900,000 pounds yet in the hands of the farmers.

They will have three receiving depots, one in this city and two located in other parts of the county. John E. Bouldin will be grader, with other assistants appointed by the Board of Control. In event the movement is a failure—something they do not concede however—those who have signed will have their contracts returned and every fellow will have to look out for himself, and the devil takes the hindmost.

Osborne, Holton, McClelland and other moving spirits in the Tobacco Growers' Combine held a meeting at the New Central Hotel yesterday to compare notes and push along the work of raising the extra ten million pounds of the weed exacted by the Eastern capitalists. They were in excellent humor and sanguine of success. Since Saturday they have signed over 500,000 pounds in this county, and reports from other parts of the district lead them to believe that the amount secured will be over the required mark by February 1st, the last day of grace.

Mason county produced last year about 7,000,000 pounds, and of that amount they claim to have signed to the Growers' Combine 5,000,000.

Thomas L. Best is reported to have bought 300,000 and Mr. Stiles has purchased about 300,000 for the American Company, leaving 900,000 pounds yet in the hands of the farmers.

They will have three receiving depots, one in this city and two located in other parts of the county. John E. Bouldin will be grader, with other assistants appointed by the Board of Control. In event the movement is a failure—something they do not concede however—those who have signed will have their contracts returned and every fellow will have to look out for himself, and the devil takes the hindmost.
